

## Created your FSA ID

Your FSA ID, which is your account username and password, allows you to complete and update the FAFSA form. The FSA ID is your legal signature and should NOT be created or used by anyone other than you-not your parent, a school official or anyone else. You will use your FSA ID every year to fill out your FAFSA form and for the lifetime of your student loans. Couple of tips:

- Students need to create their own FSA ID to complete the FAFSA process.
- Parents will need to create their own FSA ID to complete the FAFSA process.
- An email address can only be associated with one account, an account you must have access to.
- Students...DO NOT use your school email address.
- You will need to create both the accounts at least a week prior to starting the FAFSA. It can take up to three to five days before the FSA ID's are verified.
- Go to <https://studentaid.gov/fsa-id/create-account/launch> to start the process

### Create an Account

Whether you're a student, parent, or borrower, you'll need to create your own account to manage the student loan journey.
